YOUR PROFILE

- Minimum 3 years experience in a similar position.
- Master or bachelor degree in technical field (Electrics ; Measurement & Regulation ; PLC programming ; Boiler or combustion technology).
- English communication skills are essential, Polish and Russian is an advantage.
- Ability to work independently, communicative person willing to learn new things.

VYNCKE is a dynamic, family owned company that, since the start in 1912, has grown to a global player in the sector of clean energy technology : more precisely the development and construction of customized waste to energy installations.

Worldwide more than 300 Vynckeneers, as we call our employees, are stationed in our offices in Brazil, Belgium, Germany, Czech Republic, India, China, Thailand and Malaysia.

Thanks to more than 4.000 satisfied customers all over the world, a well-lined order book and the loyal commitment of the enthusiastic Vynckeneers we maintain a stable position in the market. This allows us to offer excellent job security.

Are you a real team player, do you enjoy own responsibility and taking initiative, do you have an open international mentality and are you willing to travel? Then probably you could be one of the new Vynckeneers!
