

CUSTOMER SERVICE TECHNICIAN FOR OUR PROJECTS IN EUROPE

YOUR FUNCTION

- You get your maintenance tasks from the Customer Service Manager. You also execute repairs, mainly to mechanical propulsion systems and grate components. More easy assignments you pass on to subcontractors ; you work on the more complex interventions yourself.
- You represent VYNCKE on site : you are the point of contact during the intervention. You answer questions and maintain good contacts with the client and subcontractors.
- If you see room for improvement, you pass your remarks on to the Customer Service Manager.
- You keep records about the worked hours, used materials, ... and summarize them on the intervention performance sheet.

YOUR PROFILE

- You have received a practical - technical education and have min. 5 years of experience with manual work. A degree is not mandatory.
- You are good in working in team and communicating with people.
- You are interested in industrial mechanics and are willing to work in confined spaces.
- Frequent travel and staying abroad (max. 5 working days/week) are part of the job.

VYNCKE is a dynamic, family owned company that, since the start in 1912, has grown to a global player in the sector of clean energy technology : more precisely the development and construction of customized waste to energy installations.

Worldwide more than 300 Vynckeneers, as we call our employees, are stationed in our offices in Brazil, Belgium, Germany, Czech Republic, India, China, Thailand and Malaysia.

Thanks to more than 4.000 satisfied customers all over the world, a well-lined order book and the loyal commitment of the enthusiastic Vynckeneers we maintain a stable position in the market. This allows us to offer excellent job security.

Are you a real team player, do you enjoy own responsibility and taking initiative, do you have an open international mentality and are you willing to travel? Then probably you could be one of the new Vynckeneers!
