

CUSTOMER SERVICE ENGINEER - SEA BASED AT PETALING JAYA, MALAYSIA

YOUR FUNCTION

Your key tasks are :

- Inspection & preventive maintenance
- Spare parts
- Repair works & problem solving
- Upgrade & fine-tuning

You are in direct relation with your customers and meet regularly with them on the spot. Internally at Vyncke, you can always rely on a team of various technical specialists. Externally you can rely on the network of specialized subcontractors. You will frequently stay -for a short period- abroad. You will report to the Manager - Field and Service.

YOUR PROFILE

- You are Master or Bachelor in technical specialization, preferably electro mechanical engineering. To succeed in this job a sufficient 3- 5 years site experience is necessary at the heavy industry.
- You are independent but also communicative, with a strong technological interest and willingness to travel. You have a commercial attitude.
- English at good level is a must, knowledge of other languages is a plus.
- Basic view on PLC programming will be considered as remarkable advantage.

VYNCKE is a dynamic, family owned company that, since the start in 1912, has grown to a global player in the sector of clean energy technology : more precisely the development and construction of customized waste to energy installations.

Worldwide more than 300 Vynckeneers, as we call our employees, are stationed in our offices in Brazil, Belgium, Germany, Czech Republic, India, China, Thailand and Malaysia.

Thanks to more than 4.000 satisfied customers all over the world, a well-lined order book and the loyal commitment of the enthusiastic Vynckeneers we maintain a stable position in the market. This allows us to offer excellent job security.

Are you a real team player, do you enjoy own responsibility and taking initiative, do you have an open international mentality and are you willing to travel? Then probably you could be one of the new Vynckeneers!
