- You assure all supplier & product information is always at hand in our ERP. All article specifications must be transparent and up to date.
- You handle supplier complaints and evaluate suppliers on service and quality of the parts.
- You follow trends and price evolutions and develop and maintain a global supplier's network with the best conditions, delivery terms and quality.

YOUR PROFILE

- You have obtained a degree in engineering or economics. You have minimum 5 years of experience in purchasing technical goods, components and / or services. Experience in building and maintaining relationships at an international level is a strong asset.
- You are able to understand and reason on the function of technical standard parts within a total energy plant operation.
- You are interested in the VYNCKE concepts & solutions.
- You are able to travel up to 10 % of your time.
- You are fluent in Dutch and English.

VYNCKE is a dynamic, family owned company that, since the start in 1912, has grown to a global player in the sector of clean energy technology : more precisely the development and construction of customized waste to energy installations.

Worldwide more than 300 Vynckeneers, as we call our employees, are stationed in our offices in Brazil, Belgium, Germany, Czech Republic, India, China, Thailand and Malaysia.

Thanks to more than 4.000 satisfied customers all over the world, a well-lined order book and the loyal commitment of the enthusiastic Vynckeneers we maintain a stable position in the market. This allows us to offer excellent job security.

Are you a real team player, do you enjoy own responsibility and taking initiative, do you have an open international mentality and are you willing to travel? Then probably you could be one of the new Vynckeneers!
