

PROJECT MANAGER TRAINEE WITH A PASSION FOR CLEAN ENERGY

YOUR FUNCTION

We offer you a traineeship in a high-tech environment with the growth perspective to a full-fledged Project Manager role. You will coordinate the planning, engineering and implementation of our sold projects according to the budget, deadlines and contractual requirements. You become the single point of contact for our customers, suppliers and the project team. During this traineeship you can rely on experienced colleagues to guide and support you as you grow towards this role.

YOUR PROFILE

We are looking for a fresh graduated engineer in Process Engineering, Machinery, A first experience in a similar role is an asset but not a must. Your eagerness to learn is key to us. As you will communicate frequently with customers, suppliers and the project team in Harelbeke, you have good interpersonal skills as well as a solid knowledge of German and English. You are willing to travel occasionally to German customers and regularly to the HQ in Harelbeke.

VYNCKE is a dynamic, family owned company that, since the start in 1912, has grown to a global player in the sector of clean energy technology : more precisely the development and construction of customized waste to energy installations.

Worldwide more than 350 Vynckeneers are stationed in our settlements in Brazil, Belgium, Germany, Czech Republic, India, China, Thailand, Spain and Malaysia.

Thanks to more than 4.000 satisfied customers all over the world, a well-lined order book and the loyal commitment of the enthusiastic Vynckeneers we maintain a stable position in the market. This allows us to offer excellent job security.

Are you a real team player, do you enjoy own responsibility and taking initiative, do you have an open international mentality and are you willing to travel? Then probably you could be one of the new Vynckeneers!
